

ActioNet Awarded DOT Common Operating Environment (COE) IT Support Services Contract

Vienna, VA – July 8, 2009

ActioNet, Inc. announced today the award by the Department of Transportation (DOT) in Washington, DC of a 10-year Indefinite-Delivery-Indefinite-Quantity (IDIQ) contract entitled Common Operating Environment (COE) IT Support Services. The purpose of this contract is to provide information technology support services to DOT's Operating Administrations and field locations across the United States. Services include three functional areas: Seat and E-Mail Management, Infrastructure Management and Application Hosting.

According to Ashley W. Chen, ActioNet President & CEO, "Team ActioNet is 100% committed to the successful execution of the DOT COE Program. DOT was ActioNet's first customer 11 years ago and we are proud DOT remains our customer today. We look forward to continuing our partnership with DOT to build a world-class ITIL-based service delivery organization."

About DOT

DOT is dedicated to improving transportation by making it safer, less congested, better connected, environmentally friendly and fully operational in all conditions. DOT employs more than 53,000 employees stationed in the U.S. and around the world. Since its first official day of operation in 1967, DOT's transportation programs have evolved to meet the economic demands of the Nation. DOT's mission is to "Serve the United States by ensuring a fast, safe, efficient, accessible and convenient transportation system that meets our vital national interests and enhances the quality of life of the American people, today and into the future."

DOT is comprised of the Office of the Secretary, the Surface Transportation Board, the Office of the Inspector General and the following 10 operating administrations.

- Federal Aviation Administration
- Federal Highway Administration
- Federal Motor Carrier Safety Administration
- Federal Railroad Administration
- Federal Transit Administration
- Maritime Administration
- National Highway Traffic Safety Administration
- Saint Lawrence Seaway Development Corporation
- Pipeline and Hazardous Materials Safety Administration
- Research and Innovative Technology Administration
