

## About ActioNet

For more than twenty years, ActioNet has served federal customers as a proven partner, enthusiastically embracing complex enterprise challenges to deliver high-performance IT solutions.

Our corporate culture is high-energy and process driven – our team is focused on delivering value and building long-term win-win partnerships. Our passion keeps us ahead of our customers' needs with solutions that span the entire business and technology lifecycle.

## The ActioNet Difference

- Proven performance in high priority IT areas, including *cloud computing, cybersecurity, data analytics, managed services, agile engineering, mobile computing, and collaboration*
- *Depth* and *breadth* of service offerings
- Committed *executive level management* focused on quality service and mission-focused delivery excellence
- *Risk-mitigation* practices integrated into every project
- Stability and strength of a *financially robust* and experienced organization
- Corporate infrastructure to effectively *manage and control* any project
- Advanced certifications and credentials, including *CMMI-DEV Level 4, CMMI-SVC Level 4, ISO 20000, ISO 27001, ISO 9001, Woman-Owned*
- *Long-standing strategic relationships* with leading IT industry partners to meet specialized requirements

And finally . . . the *desire to excel* in meeting your needs

## Features and Benefits

The Alliant 2 GWAC is the right choice! It is designed to meet all your IT needs and to assist you in achieving your mission goals. Alliant 2 key features and benefits include:

### FEATURES

- ~ Pre-competed, easy-to-use contracts
- ~ Scope aligned with Federal Enterprise Architecture (FEA) and Department of Defense Enterprise Architecture (DODEA)
- ~ Full gamut of contract types: fixed price, cost reimbursement, labor hour, and time and material
- ~ Supports all government agencies
- ~ Orders can be awarded through June 30, 2028 and PoP extended up to five years past this date

### BENEFITS

- ✓ Low contract access fee of .75%, capped for large orders
- ✓ Streamlined ordering procedures based on Fair Opportunity (FAR 16.505)
- ✓ Enables access to best value emerging technologies and innovative solutions from qualified industry providers
- ✓ Short procurement lead time
- ✓ Free training and support from Alliant 2 GWAC acquisition team
- ✓ Task orders valued at less than \$10 million cannot be protested except on the grounds that the order increases the scope, period, or maximum value

## ActionNet and GSA Alliant 2

Flexible and Comprehensive. That is why more than 50 federal defense and civilian organizations have made the Alliant 2 Government-wide Acquisition Contract (GWAC) their contract vehicle of choice. Alliant 2 is a competitive multiple award, indefinite-delivery, indefinite-quantity (IDIQ) contract that allows agencies the ability to access best in class current and emerging technologies from the most capable industry technology providers. It provides all federal defense and civilian agencies with an efficient, flexible way to order information technology services and solutions worldwide.

ActionNet supports the full scope of Alliant 2 information technology services and solutions. We have been providing these services and solutions to federal agencies for more than 20 years. We understand the GSA contracting environment and fully embrace the concept of partnering with our customers and GSA. We are a customer-centric company delivering solutions at the intersection of mission and technology. We value our customers and provide that personal touch and attention they deserve. Our corporate foundation is built on quality processes and services for our customers as well as the strong commitment to our employees.
